Ref.: Quotation for Corporate Partnership

Ladies and Gentlemen,

Thank you for being interested in applying for a Corporate Partnership with iNTACS. The alternatives are as follows:

Alt 1	iNTACS Member Corporate Certification Package 1 (up to 20 Assessors) in 2007	€ 2.250,00
Alt 2	iNTACS Member Corporate Certification Package 2 (up to 50 Assessors) in 2007	€ 4.500,00
	German VAT added (currently 19%)	

The packages offered include the following services, which will be detailed in valid iNTACS procedures:

1. Easy co-ordination through single point of contact on purchaser site.
2. Collection of assessor data and one-step transfer to the certification body, either using open files or confidential envelopes.
3. Using Open Files allows the supply of data as an Excel Table or Database. Original documents can stay on purchaser site (following iNTACS rules).
4. The purchaser receives a summary statistic for each year.
5. The price include certification fees for up to 20 or 50 assessors.
6. The purchaser may organize internal qualification trainings. If general requirements are fulfilled (i.e. organization by a principal assessor, appropriate content), the trainings will be accepted as Experience Evidences.
7. Package upgrade is possible, if the number of assessors exceed the limit.
